The Advanced Course in Strategic Intercession and Spiritual warfare is a one-year course intended to equip intercessors and prayer warriors with a foundational understanding of strategic intercession along with the ability to use the strategies and tactics of Spiritual warfare, as directed by the Holy Spirit, to overcome the strongholds of the enemy that seek to block the advancement of God's Kingdom.

Presbyterian-Reformed Ministries International

The Need for Strategic Intercession

As we prepare for a great outpouring of the Holy Spirit, we can expect demonic counterattacks attempting to block the move of God.

Prayer is the vanguard of outpourings of the Holy Spirit, which advance God's Kingdom. This includes praying to remove those blockages to the Gospel that Satan has established through strongholds.

This level of engagement moves beyond personal ministry to the corporate level, focusing on the global moves of the Holy Spirit and Satan's counter moves seeking to block God's redemptive plans.

Purpose of this Advanced Course

The primary purpose of this new course is to prepare intercessory prayer warriors to be the vanguard of praying in the Next Great Awakening in cooperation with the Holy Spirit, equipping them to defeat Satan's plans to hinder, divert or destroy these moves of God.

In addition, this course will provide the prayer, fellowship, and communication networks needed by those called to participate in strategic intercession led and empowered by the Holy Spirit.

This course will take place over two terms.
